

Magnay and Yates Ltd.

Magnay and Yates Ltd. provide a specialist, high quality woodworking service concentrating on non-standard timber based items. We have extensive experience of work involving conservation, restoration and construction of larger projects including railway carriages, boat repairs, and outfitting specialist vehicles. We also take on smaller scale commissions for other work such as making furniture, old-style sash or bucket windows, doors etc. which are carried out with the same high level of craftsmanship. Please feel free to contact us to discuss any ideas or projects.

Visiting our workshop

Magnay and Yates welcome visitors but because of the nature of our business regret this must be by appointment only. There is easy access to our premises in Hadrian Enterprise Park, Haltwhistle as it is just a few hundred yards of good quality road to the main A69 Newcastle – Carlisle trunk road. It is also close to public transport with bus stops and Haltwhistle Station, on the Newcastle – Carlisle railway only a few minutes walk away.

DIRECTIONS: (see map, below)

1: From the West on A69: Continue past the first junction with the B6322 signed Haltwhistle and take the second.

2: From the East on A69: Take the first junction with the B6322 signed Haltwhistle.

You have now joined the B6322 Avenue Saint Meen. After 0.5 miles turn left onto Lanty's Lonnen and continue under the railway bridge.
